# TO UNDERSTAND WHAT WE ARE ABOUT, HERE IS THE TRAILWAY STORY

What lies inside the craftsman who makes a fine Trailway dining set? What keeps him working hard each day with the utmost care? What motivates him to produce furniture that will endure the rigors of time and constant use?

It could be the knowledge he possesses. He knows wood species inside and out. He is a master of the tools he uses. His keen eye can detect the kinds of imperfections in a board that make it unsuitable for use. He knows every measurement, every cut, and how to fit each piece together perfectly to create a work of art.

But is he led by something more than just knowledge?

Hand Plans are used to smooth out wood and Hammers are used to help assemble Mortise and Tenons

Picture: Hand Compass  
Compasses are used to make a Radius

## THE HEART OF A CRAFTSMAN

Yes, he is. It's his heart that leads him on. His heart that keeps him focused each moment on making the finest piece of furniture he can. His heart that guides every movement of his hand when he sands, every gaze of his eye when he inspects his work.

Simply put, it's the heart of a Trailway craftsman, one full of passion and commitment, that results in the end product of his labors — a masterpiece that will be treasured for generations to come.

# BEAUTY IN ALL ITS FORMS

Pictured above:  
Olympic Mountain Collection

Trailway tables and chairs are works of art that enhance a home's décor, elegant pieces that turn heads and encourage casual, relaxing conversation. If you love timeless classic styles, they're here. If your tastes run to the slightly less conventional, you'll find them as well.

Item# TTM318-S24SW

Pictured above: Rocky Mountain Table

And if innovation is what you seek, you'll be delighted with our high dining mountain creations.

No matter which collection you choose, our lines, curves, edges and other unique details put Trailway dining sets on center stage in your home.

Pictured above:  
Allegheny Mountain Collection

The beauty of solid hardwood is on the outside, but under the surface lies a combination of strength, flexibility and durability that cannot be matched by synthetic or engineered substitutes.

The first critical step in producing fine hardwood furniture is selecting the best, most consistent woods. We insist on only the finest color and grain pattern. We then store our lumber in a humidity-controlled environment to minimize expansion and contraction during manufacturing.

Picture: Log Pile  
Pile of Log ready to be cut into boards to create furniture

## THE FINEST WOODS

One characteristic of hardwood tables is that each plank used is unique. There are natural variations in color: lighter pieces were closer to the bark, darker pieces closer to the tree's center. At Trailway, we use both variations of color to give our tables a rich and outstanding beauty.

You will find natural markings on your table, such as knots where tree branches grew. They do not affect strength, and attest to the fact that your piece is genuine solid hardwood, with all its charming irregularities.

The best things in life are the ones that last for years, wear well, fit just right. Trailway makes all of its dining furniture from solid USA grown hardwoods, all dining is hand crafted and built with American pride. Good things happen to people who focus on quality.

Picture: Hand Plane  
Hand Planes are used to smooth the surface of wood

The above picture shows a standing tree and how the boards are cut from the tree after it is harvested

Picture: Wooden Tool Box with tools

In the hands of a Railway craftsman, hardwood is carefully chiseled, carved and sanded into a stunning design. No one-size-fits all. Just quality craftsmanship that lasts. Table top shapes are cut by hand. Edges are sanded to ultimate smoothness.

Picture: Bolts, Drill Bit, and Hand Chisel

## BENCH-MADE MANUFACTURING

Each edge of each board is made to fit exactly with another. Boards are matched for grain and color. Holes are precisely drilled to exact standards for table pins before assembling slides, base plates and aprons. Then table tops undergo further sanding to prepare them for finishing. No time is spared in making sure surfaces are ultra smooth to receive the chosen stain. Every Railway table and chair is made to the same high standards of craftsmanship.

# WOOD SPECIES

Beautiful Trailway tables, chairs and hutches begin with natural raw materials. We use some of the finest hardwoods, harvested through sustainable forestry management principles, to create our heirloom quality furniture. Some wood species, such as cherry and elm, boast rich, dark tones that imply elegance and sophistication, while others, including hickory and maple, feature naturally lighter shades for more casual table designs. Character woods highlight the natural markings that give each piece unique beauty, and many species feature distinctive wood grains. The species of wood we use to create our furniture helps determine the overall style and feel of finished pieces.

*Janka Scale embodies the pressure in pounds that it takes to mar the hardwood, A higher numbers means the wood is harder. See back page for a Graph comparison to each species.*

## RED OAK (FREE)

With a traditional, coarse-textured look, Red Oak is a popular hardwood that offers durability and strength to stand up to years of day-to-day living.  
*Janka Scale: 1290*

## BROWN MAPLE (FREE)

Brown Maple, the same tree that produces the delicious syrup for weekend pancake breakfasts, offers a rich, delectable choice for so many table styles.  
*Janka Scale: 950*

## RUSTIC CHERRY (FREE)

Rustic Cherry takes on a more relaxed feel, With all the natural knots and grain variations, it brings a truly unique look to any table.  
*Janka Scale: 950*

## RUSTIC QSWO (FREE)

Cut perpendicular to its growth rings, revealing all of the tree's naturally beautiful markings, Rustic Quarter Sawn White Oak (R. QSWO) has a down-home feel.  
*Janka Scale: 1333*

## RUSTIC HICKORY (FREE)

Revealing all of the tree's naturally beautiful markings and color variations, Rustic Hickory gives tables a very rustic look.  
*Janka Scale: 1820*

## RUSTIC RED OAK (FREE)

Loaded with rustic charm, Rustic Red Oak boasts the burls, knots and other natural markings that give Trailway tables a comfortable, inviting feel.  
*Janka Scale: 1290*

## AMBROSIA WOOD (FREE)

Ambrosia Wood gets its name from the Ambrosia Beetle who makes a hole in the wood. As the tree grows, the wood around the hole turns brown making each piece unique.  
*Janka Scale: 950*

## QSWO (25% UPCHARGE)

Quarter Sawn White Oak (QSWO) Defined by its specific "log into four quarter" cuts, exposing a nice Ray-Flake that gives you a unique tiger stripe grain look.  
*Janka Scale: 1333*

## PREMIUM CHERRY (25% UPCHARGE)

Often considered the finest of the fruitwoods, naturally Rich Cherry is a classic beauty frequently chosen for formal table designs.  
*Janka Scale: 950*

## HICKORY (25% UPCHARGE)

Appearing White and Brownish, Hickory is a tightly-grained hardwood that offers extreme strength and resiliency perfect for heavy everyday use.  
*Janka Scale: 1820*

## HARD MAPLE (25% UPCHARGE)

With a fine, uniform texture, Hard Maple finishes smoothly and offers superior durability.  
*Janka Scale: 1450*

## ELM (25% UPCHARGE)

With excellent pliability, Elm is a great choice for decorative table styles. Found in light and darker shades of brown, it features a unique interlocking grain  
*Janka Scale: 769*

## WALNUT (60% UPCHARGE)

Ranging in color from light to deep brown, Walnut is a popular choice for today's more modern table designs.  
*Janka Scale: 1010*

# STAIN & PAINT OPTIONS

OCS Stains	OCS-100 Natural	OCS-102 Fruitwood	OCS-104 Seely	OCS-110 Medium	OCS-106 Acres	OCS-117 Asbury	OCS-118 Antique Slate	OCS-119 Cappuccino	OCS-111 Boston	OCS-113 Michael's	OCS-225 Mission Maple	OCS-228 Rich Tobacco	Black Paint w/Rub-Thru	455G Paint w/Glaze
Red Oak														
Brown Maple														
Rustic Cherry														
Rustic Hickory														
Rustic QSWO														

Note: All stains can be applied to all wood species, Colors shown are approximate

Our beautiful stains are hand applied to produce a rich, lasting finish. To choose the right color for your Trailway furniture, consider the mood you want to reflect in your home's décor. Darker shades tend to look more formal or modern, while lighter stains can feel more traditional or casual. And be sure to keep in mind that the stain color you choose will result in a different look depending on the wood species. We also offer a variety of paint options. The combination of stained and painted pieces together on a table or chair is perfect for more casual décors.

# ALLEGHENY MOUNTAIN

You can set your table with a lifetime of memories. We take no short-cuts, paying attention to every detail. It's ingrained in us!

Create your own legacy for future generations. The quality of the joinery is often a measure of the quality of the furniture piece.

In life it's the little things that count. To assure no worries while using your table, added protection is standard on the tops. We spray three coats of varnish on every table top.

We go the extra steps. We not only English Dovetail the drawer fronts, we also hand-sand each English Dovetail to a nice fit.

Smile every time you set your table just knowing that there are no wobbles, because every table leg or pedestal base comes with a leveler.

Have you ever had something that feels just right along with looking great? Our chairs are very comfortable, whether you own them with wood or fabric seats.

# CASCADE MOUNTAIN

You can set your table with a lifetime of memories. We take no short-cuts, paying attention to every detail. It's ingrained in us!

Create your own legacy for future generations. The quality of the joinery is often a measure of the quality of the furniture piece.

In life it's the little things that count. To assure no worries while using your table, added protection is standard on the tops. We spray three coats of varnish on every table top.

We go the extra steps. We not only English Dovetail the drawer fronts, we also hand-sand each English Dovetail to a nice fit.

Smile every time you set your table just knowing that there are no wobbles, because every table leg or pedestal base comes with a leveler.

Have you ever had something that feels just right along with looking great? Our chairs are very comfortable, whether you own them with wood or fabric seats.

# ROCKY MOUNTAIN

You can set your table with a lifetime of memories. We take no short-cuts, paying attention to every detail. It's ingrained in us!

Create your own legacy for future generations. The quality of the joinery is often a measure of the quality of the furniture piece.

In life it's the little things that count. To assure no worries while using your table, added protection is standard on the tops. We spray three coats of varnish on every table top.

We go the extra steps. We not only English Dovetail the drawer fronts, we also hand-sand each English Dovetail to a nice fit.

Smile every time you set your table just knowing that there are no wobbles, because every table leg or pedestal base comes with a leveler.

Have you ever had something that feels just right along with looking great? Our chairs are very comfortable, whether you own them with wood or fabric seats.

# WHITE MOUNTAIN

You can set your table with a lifetime of memories. We take no short-cuts, paying attention to every detail. It's ingrained in us!

Create your own legacy for future generations. The quality of the joinery is often a measure of the quality of the furniture piece.

In life it's the little things that count. To assure no worries while using your table, added protection is standard on the tops. We spray three coats of varnish on every table top.

We go the extra steps. We not only English Dovetail the drawer fronts, we also hand-sand each English Dovetail to a nice fit.

Smile every time you set your table just knowing that there are no wobbles, because every table leg or pedestal base comes with a leveler.

Have you ever had something that feels just right along with looking great? Our chairs are very comfortable, whether you own them with wood or fabric seats.

## TABLETOP OPTIONS

So now it's time for the nitty gritty - choosing the edge profile and top shape for your Trailway table. It's simple. Obviously, the edge profile is the shape of your table around the edge. You'll find smooth, straight and more decorative options. For your tabletop shape, you can choose from classic rectangular and round shapes to more unique designs. Nearly any top shape can be combined with any edge profile. Ask your dealer for suggestions that will help you achieve the look you want.

## EDGE OPTIONS (FREE)

From classic squared or rounded edges to more dramatic styles, Trailway offers nine beautifully crafted edge profiles that give your table the perfect finishing touch.

# QUALITY FEATURES

Bench made with top quality at every step, Trailway Heirloom furniture includes dozens of special details that ensure your new table and chairs are built to last. Joints, slides, gears and other construction essentials are implemented with precision and tested for performance, promising you years of enjoyment through the heaviest everyday use. Attention to detail is a hallmark of Trailway craftsmanship.

### ADJUSTABLE LEVELERS ON TABLE FEET AND LEGS

Designed to make it easy to adjust and level your dining room furniture. Simply turn the levelers up or down to reach the desired height you are looking for.

### CHAIR LEG FELT GLIDES

These felt glides on all 4 legs of your chair will help keep your floors free from scratches.

### BALL BEARING EASY GLIDE SLIDES

Ball Bearing slides are design to make your table easy to open and close with one hand

### WOOD SLIDES

Wood slides offer smooth gliding operation.

### GEAR SLIDES

Precision gear slides open and close quickly to uncover self-stored leaves.

### TABLE LEAF PEGS

Durable wooden pegs ensure table leaves fit snug and securely for hassle-free dining.

### FABRIC & LEATHER SEATS

Shown above is an example of fabric seats shown on the High Dining Mountain collection

### MORTISE & TENON JOINTS

Trailway construction features tenons securely glued into mortise holes, a simple and strong solution for joining wood furniture pieces together.

# HOW TO PROTECT YOUR HANDCRAFTED, SOLID HARDWOOD INVESTMENT !

Thank you for investing in your new HandCrafted, Trailway dining set. We want you to enjoy your new furniture for many years to come. Please follow the tips to ensure the longevity of your new furniture.

## WATER RESISTANT FINISH

The finish on your table is spill-resistant, but it's a good idea to wipe up any moisture immediately. Standing liquid will cause damage to the wood and finish.

## CLEANING RECOMMENDATIONS

A soft, damp cloth is all you really need to keep your fine heirloom furniture looking like new. Wiping with a dry cloth can harm the furniture's finish by scraping small dirt particles into the surface. If you choose to polish your furniture, avoid products with silicone, wax, solvents or abrasives. Your dealer will recommend a suitable polish.

## HEAT EXPOSURE

Heat registers and other heat sources can cause damage to your new dining set. Be sure to place it in an area where there is air circulation and heat sources are not directly blowing onto the table and chairs. Do not place hot pans directly onto your tabletop. A table pad will create a barrier between a hot pan and the wood surface. At a minimum, a heavy duty table cloth and trivets should always be used.

## SUNLIGHT EXPOSURE

While you may like lots of sunlight in your home, sunlight's ultraviolet rays can damage wood finishes. Please be sure your new furniture is not in a location where the sun will shine directly on it, or use sun screening drapes during intense sunlight hours. Fluorescent light fixtures can also cause changes in the wood or finish of your table.

**PLEASE** be careful when using laptops or tablets on the table top, as these can get hot and could scratch the finish.

## HUMIDITY CONTROL

The humidity in your home can affect wood furniture. If the humidity is too low, it may cause your Trailway furniture to dry out or crack. In contrast, high levels of humidity may result in warping. By keeping the humidity level in your home around 40-45%, you'll have the ideal environment for preserving the beauty of your new furniture.

## FINISH RESISTANCE

Chemical resistance tests are performed to check the coating's ability to withstand substances typically found in kitchen and bathrooms. Aristovar meets AWI specifications TR-4 rating for chemical resistance.

Water	24 hours	- No Effect
Coffee	24 hours	- No Effect
Tea	24 hours	- No Effect
Vinegar	24 hours	- No Effect
Ketchup	24 hours	- No Effect
Olive Oil	24 hours	- No Effect
Orange Juice	24 hours	- No Effect
Lemon Juice	24 hours	- No Effect
Grape Juice	24 hours	- No Effect
Yellow Mustard	1 hour	- No Effect
MEK	200 double rubs	- No Effect

## NAIL POLISH REMOVER

Although we use a high-quality heat-and-moisture resistant finish on our tables, nail polish remover can cause severe damage to its finish. Please avoid using it unless you cover the table surface first with a table pad.
